

STATE OF NEW JERSEY)

) ss.

Civil Docket No.:

COUNT OF SOMERSET)

AFFIDAVIT IN SUPPORT OF DISQUALIFICATION OF FORMER UNITED STATES DISTRICT COURT JUDGE JOSEPH L. LINARES

I, Ronald Bass Sr., being duly sworn, deposes and says:

The I'm the party to the within Tort Claims proceeding, pursuant to the American with Disabilities Act of 1990 and as amended.

Herein, stated that the former judge Linares, will be identified as private or corporate practicing attorney and employee/contract for the Law Firm of McCarter & English, LLP, who's main office is in the City of Newark, New Jersey, 4 Gateway Center, 100 Mulberry Street, 07102.

I, aver that Joseph L. Linares, then as a United States District Court Judge, before whom my civil actions was held, he was prejudiced against my constitutional rights to the confrontational clause, by violating the rights to a discovery hearing and pre-trial conference.

I further assert, that I was denied the fair opportunity to hearing for reason of my previous opioid prescribed medicine under the Social Security Act and New Jersey Department of Human Services, Division of Medical Assistance.

All opiate medications were prescribe to me by a license doctor of the State of New Jersey, it was due to injuries I suffered, which was acknowledge by the federal and state governmental agencies.

The Linares's court was aware of my defense for ineffective assistance of counsel and breach of contract by Gwendolyn O. Austin's intentional negligence and misleading

information that Joseph L. Linares had trespassed on Civil Action 95-1756 (MTB) that resulted in front of the late great Honorable Harold A. Ackerman.

I, have reasonable belief that Joseph L. Linares has interfered in the legal process of the New Jersey Supreme Court Attorney Ethics Committee pursuing my claims against Gwendolyn O. Austin's and others attorneys of records and others did falsify drug analysis report that Joseph L. Linares did in fact condone.

This affiant cannot or believes that I can have a fair and impartial trail or hearing in the State of New Jersey Supreme Court Ethics Committee proceedings concerning the effects of the losses caused by my opiate addiction and defendants wrongfully accusing me of opiate use or involvements, see:

H.R. 6, the Substance Use-Disorder Prevention that Promotes Opioid Recovery and Treatment (SUPPORT) for Patients and Communities Act of 2018, was made law to address the nation's opioid overdose epidemic. The legislation includes provisions to strengthen the behavioral health workforce through increasing addiction medicine education; standardize the delivery of addiction medicine; expand access to high-quality, evidence-based care; and cover addiction medicine in a way that facilitates the delivery of coordinated and comprehensive treatment. The Support Act followed the passage of the Comprehensive Addiction and Recovery Act (CARA) and the 21st Century Cures Act in the previous Congress.

Attorney, Joseph L. Linares, et al., haven't ensured me the same opportunity as those who don't and didn't have a drug addiction history in their past.

I'm asserting the National Opiate Multi-Ligation Class Action Claims in this Affidavit

Affiant, Ronald Bass, Sr.

Sworn to and subscribed before me this 31st day
of October 2019

RE: Ronald Bass, Sr. v. Gwendolyn O. Austin, Esq.

Dear Ms. Watson,

I haven't heard from the District VA Ethics Committee, I received the attached letter from you dated April 30, 2019, nor have you responded to any of my correspondence, if there's still a pending litigation going on that I should be aware of or pending criminal investigation against me, I look forward to you informing of such matters.

Also, I'm aware of Joseph L. Linares, (former Federal Judge of the United States District Court in Newark, New Jersey, now employed as to the Law Firm McCarter & English, LLP) joined the partnership of McCartyer & English:

"NEWARK, May 17, 2019 – McCarter & English, LLP today announced that the Honorable Jose L. Linares, former Chief Judge of the United States District Court for the District of New Jersey, will join the firm's Newark office as a partner and lead the Alternative Dispute Resolution practice starting May 22. Judge Linares's extensive experience with intellectual property matters, particularly complex patent cases, will greatly enhance the firm's Alternative Dispute Resolution practice, and offers clients the unique perspective, skill and ability to resolve complex disputes.

Judge Linares served as Chief Judge from 2017 to 2019 and was first nominated to the bench by President George W. Bush in 2002. As Chief Judge, he led the District Court of New Jersey to outpace all other federal district courts in affirmances on Abbreviated New Drug Application (ANDA) cases at the United States Court of Appeals for the Federal Circuit. Judge Linares himself presided over more than 50 patent cases in the past six years, many involving complicated, high-stakes disputes between generic and branded drug companies.

'We are honored and excited to welcome Judge Linares to McCarter & English,' said Chairman Michael P. Kelly. "The legal caliber demonstrated throughout his impressive career – whether

handling historic pharmaceutical settlements or presiding over major bankruptcies, class actions, multi-district litigations and securities fraud cases – will truly benefit our clients across several industries.”

I haven't heard from you since his coming on board with McCarter & Engilsh, LLP Law Firm, it was Attorney Linares who denied me a “**Daubert Hearing**” to dispute any allegations of the State of New Jersey, et al., and misrepresentation, as well as the breach of contract of Gwendolyn O. Austin ineffectiveness; Furthermore, documents from the United States District Court Clerks' Office and my request from the federal archives of the proceedings held under Maryann Trump Barry, Judge Stanley R. Chesler and the late Great Harold A. Ackerman, reflects he trespassed on Civil Action No. 95-1756 (M.T.B.), as well as Suzette Payton v. Stephen Lewis and Donald Preston, et al., which case was before Maryann Trump Barry.

However, I have been falsely accused of involvement with the opiate epidemic and the use of drug substance while being represented by Gwendolyn O. Austin, in which she stated on the records that she's working with the State and Agency, against me because they have 6 inches of documents against me!

Her, duty may be to the court based on integrity but not on the political interest of **HOAX CRIMES** tied in mutuality of committing fraud on the court through a child custody proceeding, see 115 NJ 231 (1989) In the Matter of L. Gilbert Farr, she was easily to be influence by New Jersey Attorney General Office and my son's mother attorney on the record before Judge Furnari and Furnari himself fraudulent drug screening test.

I Hope, Supreme Court of New Jersey District Ethic Committee is not under the impression that Judges and Deputy Attorneys Generals, County Prosecutors-Lawyers, etc., are above the law to maintain political fraud on the federal and states; I trust that I'm not writing this letter in vain that will be filed in a pigeonhole and allow violation of my due process rights.

I look forward to hearing from you

Warm Regards

Ronald Bass, Sr

Re: Gwendolyn O. Austin, et al.,

Dear Ms. Watson

I, looking forward to hearing from you concerning the complaint(s) I have filed in the Office of New Jersey Attorneys Ethic Committees, specifically against Gwendolyn O. Austin.

I also, enclosed a copy of the letter that I have sent you previously in response to your letter informing me of "**Notification of Declination Due to Pending Civil Litigation**"; Be mindful, that I wasn't involved with Jerry Somerset and Joseph Elam's contractual relationship with Partners Pharmacy, LLC and Strategic Delivery Solution, LLC 50 Lawrence Road, Springfield, New Jersey or 70 Jacksons Drive in Cranford, New Jersey.

Although I have been falsely accused of engaging or involved in the use of or activities of illegal drugs by the Attorneys names raised in my complaint, as well the false accusation of Dr. Eric Kirschner use of **methamphetamine** was used against me in a trial (I have provided you copies of a complete drug screening from JFK Medical Center) which Ms. Austin, et al., justified their decisions against me, amongst other reasons of denied services by Ms. Austin, et al.,

I'm asking you again to inform me of any up dates you may have concerning if there is still pending an on going investigations against me for drug or guns related activities or other criminal acts of a common law crime I committed against another person ?

Since the State of New Jersey, et al., allegations about my mental state than there is no statute of limitation of me bring my claims against each parties under the American with Disabilities Act of 1990.

Sincerely

Ronald Bass, Sr.

**Re: Notification of Declination Due to Pending Civil Litigation
Bass v. The State of New Jersey, et al Case No. 2:14-cv-05006-JII-JAD**

Dear Ms. Watson,

I'm in receipt of your notification dated April 30, 2019, I also acknowledge that the Supreme Court of New Jersey has a policy of not considering any grievance from a litigant in an pending civil matter, concerning the professional malpractice and neglect of an attorney.

I, have been seeking redress of grievance against Gwendolyn O. Austin since the date, I revoked her power of attorney until present; "because of ongoing 6th Amendment violation and the breach of her contractual relationship to provide expert services on my behalf, and amongst other things.

I'm re-filing my grievance and setting forth the facts of my claims against:

1. Gwendolyn O. Austin, Attorney of Records.
2. Donald O. Egbuchulam, Attorney on the Records.
3. Eric Meehan, Attorney on the Records.

All attorneys above are license members of New Jersey Bar Association and held themselves out to be professional services providers for Parental Rights under the American with Disabilities Act of 1990 and as amended; Title III and Title II private and public entities.

Ronald Bass, Sr.

RE: NOTIFICATION OF DECLINATION DUE TO PENDING CIVIL LITIGATION

Dear Mr. Bass:

Please be informed that the Supreme Court of New Jersey has established a policy of not considering any grievance received from a litigant in a pending civil matter, either about the conduct of a trial attorney therein or about the underlying conduct of any attorney who is a party to the litigation, until the case is finally concluded, except in rare situations that involve clearly provable ethical violations or where the facts present a substantial threat of imminent harm to the public. A copy of New Jersey Court Rule 1:20-3(f) is attached. Your case does not meet these most stringent criteria and, therefore, will not be processed at this time. However, if after the civil litigation has ended you believe that any attorney of this state has engaged in unethical conduct therein, you are at liberty to re-file a grievance setting forth the facts supporting your allegations. At that time, this committee may investigate and consider all grievances made.

While this office cannot advise you as to what your legal rights and remedies are, I can advise you that in the event you are dissatisfied with the legal advice of your present attorney, you are certainly free to seek advice from another attorney. On the other hand, in the event that your grievance relates to conduct of your adversary, you should discuss the matter fully with your counsel to see what other action, if any, may be appropriate to remedy this conduct.

Very truly yours,

Natalie Watson

1:20-3. District Ethics Committees; Investigations

(f) Related Pending Litigation. If a grievance alleges facts that, if true, would constitute unethical conduct and if those facts are substantially similar to the material allegations of pending civil or criminal litigation, the grievance shall be docketed and investigated if, in the opinion of the secretary or Director, the facts alleged clearly demonstrate provable ethical violations or if the facts alleged present a substantial threat of imminent harm to the public. All other grievances involving such related pending civil and criminal litigation may be declined and not docketed. If the matter has already been docketed when the related pending litigation is discovered, the matter may be administratively dismissed, provided the matter is still in the investigative stage. The grievant shall be informed in writing of any decision, together with a brief statement of the reasons therefor and a copy of any Court Rule or written guideline supporting declination. Once a formal complaint has been filed, the matter shall not be dismissed nor held in abeyance pending completion of the related litigation, unless so authorized by the Director. Whenever an attorney is a defendant in any criminal proceeding, the Director shall docket the matter and may, in the Director's discretion, investigate and prosecute the disciplinary case.

Dear Sir/Madam:

Pursuant to your communication to our office, enclosed is an Attorney Ethics Grievance Form, as well as a pamphlet entitled "Information About Grievance Procedures and Discipline of Lawyers," published by the Office of Attorney Ethics.

Please complete the grievance form in as extensive detail as possible and return it to this office in the self addressed envelope provided. Please read the instructions for each section of the grievance form; it is particularly important if there are documents that you feel relate to this complaint that I be provided with copies of them.

I draw your attention specifically to paragraph "F" of the grievance form. This paragraph is self-explanatory and is important for you to understand in regard to your obligation of confidentiality and the immunities which flow to you as long as you maintain that confidentiality.

Once we have received your completed grievance form, you will hear further from us.

Very truly yours,

Re: Case No. 1870838534

Dear Ms. Johns

Find attached copies of my full range drug screening; I'm dismay of the premeditated acts of Garry J. Furnari, Jose L. Linares and Gwendolyn O. Austin's, et al., (Essex County Political Parties) falsifying drugs test (off the shelf drug screening kit) that came out of the office of Garry J. Furnari.

Also, find copies of charges that have been dismissed against me consistent with 42 C.F.R. Part 2; I have been falsely targeted by Essex County Law Enforcement for crimes to tailor an allegation to justified Essex County Politician's agenda and have **over billed** the United States Department of Health and Human Services under the Social Security Act.

I'm asserting the United States Third Circuit Court of Appeals Judge Thomas Ambro's finding as to the **Discovery and unresolved issues!** against the federal and state criminal allegations.

I'm asserting Jerry Somerset's Petition and other moving papers to the United States District Court and the Third Circuit Court of Appeals.

"Be mindful Black Americans are held responsible just like White Americans"

Warm Regards
